**This is how you take your measurements correctly:**

For your guidance, we will briefly explain what length and width measurements are needed in order for us to manufacture your personal robe.

Guidance on how to take your measurements:

### **1 Height**

### **2 Robe length**

extend tape measure along back, measure from top edge of collar down to mid-calf.

### **3 Chest circumference**

Measured under your arms

Women = on top of blouse or jacket

Men = on top of jacket

### **4 Chest width**

From sleeve seam to sleeve seam

for women: additionally from neck to tip of bust

### **Back width**

from sleeve seam to sleeve seam
